

María Belén Corvalán Amil

Senior Frontend Engineer | React | Angular | Next.js

Buenos Aires, Argentina | Remote | bcorvalan.amil@gmail.com | linkedin.com/in/mbcorvalan

Professional Summary

Senior Frontend Developer with 6+ years of experience building scalable, accessible, and high-performance web applications. Proven expertise in frontend architecture, component design systems, CI/CD pipelines, and modern testing practices. Passionate about leveraging AI-assisted development to automate workflows, improve engineering productivity, and accelerate development cycles.

Technical Skills

Frameworks & Libraries: React.js, Angular, Next.js, Storybook.js

Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3

Practices: Frontend Architecture, Design Systems, Accessibility (WCAG), Performance Optimization

Testing: Unit Testing, Regression Testing, Smoke Testing, Test Automation

Tools & Methods: CI/CD, Agile/Scrum, CMS Integration, AI-assisted Development

Professional Experience

Senior Frontend Developer - Acsys

Aug 2024 - Present | Full-time | Remote

- Develop scalable, accessible UI components for EY Motif using React and Angular, contributing to an enterprise-grade design system.
- Lead frontend architecture decisions, enforce code quality standards, and promote best practices across the team.
- Optimize release cycles through CI/CD practices, performance improvements, and maintainable component delivery.

Senior Frontend Developer - Hero Digital

Sep 2021 - Aug 2024 | Full-time | Remote

- Delivered responsive, accessible web experiences using React.js and Angular for enterprise clients, including Zoom.
- Built reusable, interactive UI components with Storybook.js, improving team velocity and design consistency.
- Collaborated in Agile squads across the full frontend development lifecycle, from architecture to deployment.

Frontend Developer - TradeHelm, Inc.

Mar 2020 - Aug 2021 | Full-time | Remote

- Built responsive, cross-browser interfaces using React and Angular within cross-functional Agile teams.
- Integrated frontend applications with multiple CMS platforms to enable dynamic, content-rich experiences.
- Maintained code quality through iterative delivery, code reviews, and comprehensive unit testing.

Frontend Developer - Cencosud S.A.

Mar 2018 - Mar 2020 | Full-time | On-site

- Led the redesign and development of the Easy Argentina e-commerce website using React.js, improving UX and digital engagement.
- Collaborated with cross-functional teams to align technical solutions with business objectives.
- Established a more scalable and maintainable frontend codebase through interface modernization.

Software Quality Assurance Analyst - MRM

Feb 2016 - Mar 2018 | Full-time | On-site

- Conducted end-to-end frontend testing combining manual and automated strategies to ensure application quality.
- Executed smoke, regression, and unit tests within Agile teams, supporting reliable software delivery.
- Partnered with development teams to identify, report, and resolve defects efficiently.

Education

Graphic Design - Universidad de Palermo

2013 - 2018
